

Littleton Hackford Lawyers

Established in 1879 Littleton Hackford is a Gippsland based legal practice. We have offices situated in Traralgon and Sale, and a visiting office in Fitzroy.

As a general practice, we handle those areas of law being property, commercial and business law, litigation, family, probate and deceased estates, wills and estate planning. Work may be directed between offices according to speciality.

Our solicitor supervised and indemnity insured conveyancing departments offer an efficient, courteous and confidential service on an affordable basis. Our clients range from first home buyers and retirement village entrants to major land and commercial developers.

As part of our ethos we have an open price policy for residential conveyancing matters as disclosed in this brochure.
